ROOMS. MEMBERSHIP. POSSIBILITY.

A place for your independent practice.

Explore rooms, membership and optional marketing support at Health Village Esher.

Ockley, from Health Village's existing room photography.

Seven rooms. Start with a conversation.

Esher, Surrey

MAKE ROOM FOR YOUR NEXT CHAPTER

Start with the way you want to practise.

Your room needs to work for your appointments, your patients and your week. A visit is the chance to explore the fit before you make a commitment.

01 / STARTING OUT

Your first independent sessions

Talk through the space, equipment and practical arrangements you need to begin.

02 / ADDING A BASE

A place in Esher

Explore how a regular room slot could fit alongside your existing practice.

03 / MOVING ON

A new home for your practice

Bring your requirements and compare the rooms with the way you already work.

Hampton. Existing Health Village photograph; current layout to be confirmed at a visit.

A useful first conversation

Tell Health Village about your work, the days or sessions you have in mind and any access or equipment requirements.

SEVEN ROOMS, ONE PLACE TO EXPLORE

Meet the rooms.

Begin with the spaces. Then ask which room and arrangement can meet your specific needs.

Claremont

Existing Health Village room photograph.

Sandown

Existing Health Village room photograph.

Wisley

Existing Health Village room photograph.

Ockley

Existing Health Village room photograph.

> Photographs show the rooms as previously published by Health Village. Confirm current layout, equipment and suitability directly.

THE ROOM IS PERSONAL

Make a useful comparison.

Complete the seven-room shortlist, then look beyond the photograph.

Hampton

Discuss your preferred layout, privacy and the full access route.

Hatchlands

Explore the room and ask how arrival, waiting and appointments would work.

Polesden

Room detail shown. Ask to see the complete current room and check the access route.

Compare what matters to you

Space and privacy · equipment · patient arrival · full access route · available sessions · complete costs and terms.

MEMBERSHIP STARTS WITH CLARITY

A room is only part of the decision.

The HV package includes a practitioner profile, entries on condition and super-hub pages, and a feedback form alongside your room arrangement.

Your working week

- ☐ **Room and sessions**
  Which room, day and recurring slot suit your practice?
- ☐ **Patients and access**
  How will arrival, waiting, privacy and access work?
- ☐ **Equipment and facilities**
  What is provided, and what will you bring?

Your agreement

- ☐ **The full cost**
  Confirm the payment basis, VAT and any mandatory extras.
- ☐ **Commitment and changes**
  Check the term, notice, deposit and session-change rules.
- ☐ **Support responsibilities**
  Clarify reception cover and other included or paid support.

Room membership first.

Ask for the full written inclusion summary. Optional paid marketing is agreed separately from the confirmed package components above.

> Availability and commercial terms are confirmed directly by Health Village. This brochure does not quote rates or reserve a room.

OPTIONAL SUPPORT, AGREED SEPARATELY

Make your practice easier to understand.

If you would like marketing support, start with the question your patients need answered and agree one useful piece of work.

BUILD ON THE BASELINE

Beyond your included profile

Your standard profile is part of the HV package. Discuss additional content only where it has a separate agreed purpose and scope.

ANSWER A REAL QUESTION

Helpful content

Explore an article or other content that helps people understand your work and make an informed next step.

REMOVE A PRACTICAL OBSTACLE

A clearer enquiry journey

Review whether someone can understand the service and find the right way to contact your practice.

Agree the brief before the work

Set the output, inputs, reviewer, timescale and fee in writing. Distinguish membership inclusions from optional work and decide how usefulness will be reviewed.

> These are discussion topics from the draft service catalogue, not fixed packages or promised results. Availability, scope and fees need separate agreement.

A VISIT SHOULD ANSWER YOUR QUESTIONS

See how the space works for you.

Bring a short description of your practice and a practical checklist. Ask to see the room, the full access route and the way your patients would arrive.

1 Start the conversation

Share your work, preferred days or sessions, room interests and any access or equipment requirements.

2 Arrange a visit

Health Village reception confirms the appointment. An enquiry is a request, not a confirmed tour or room booking.

3 Review the fit and the terms

After the visit, confirm suitability, actual availability, inclusions and the full written agreement before deciding.

Bring these five questions

Does the space suit my work? Can my patients use the complete route? What is included? What will I pay in total? What happens if my needs change?

> Ask for current availability directly. There is no online payment or instant confirmed room booking described in this pack.

YOUR NEXT STEP

Let’s talk about your next chapter.

Explore Health Village Esher in person. Tell the team what you need from a room and ask about arranging a tour.

Talk to Health Village about a tour →

Visit hvillage.co.uk/contact/ to enquire.
13-17 Church Street, Esher, Surrey KT10 8QS.
Reception confirms visits and room arrangements directly.
